Scrape Extension

Add extension to google chrome

The screenshot shows the Google Chrome Extensions page at the address `chrome://extensions`. The interface includes a top navigation bar with the 'Extensions' title, a search bar, and a 'Developer mode' toggle switch. Below the navigation bar are three buttons: 'Load unpacked', 'Pack extension', and 'Update'. The 'Load unpacked' button is highlighted with a red box and a circled '2'. The 'Developer mode' toggle is also highlighted with a red box and a circled '1'. The main content area displays two installed extensions: 'AdBlock — best ad blocker 4.34.0' and 'Adobe Acrobat 15.1.2.6'. The AdBlock extension has a red octagonal icon with a white hand and a red warning message: 'This extension may have been corrupted.' Below the AdBlock extension are buttons for 'Details', 'Remove', and 'Repair'. The Adobe Acrobat extension has a red icon with a white document and a blue arrow, and buttons for 'Details' and 'Remove'. A toggle switch is visible to the right of the Adobe Acrobat extension.

The screenshot displays a design tool interface. On the left, a product image of a man in a blue and white checkered shirt is shown. The image has a logo 'FIDELIO' in the top left and the word 'hello' in red script in the bottom right. A template preview is overlaid on the bottom right of the image, featuring a mountain landscape and the text 'WELCOME TO PAYRECON'. Below the image, there is a text formatting toolbar with options for Bold (B), Italic (I), Underline (U), Left alignment, Center alignment, Right alignment, and Color (represented by a red circle). A text size slider is set to 50. At the bottom, there are icons for a frame and a text box (T).

On the right side of the interface, there is a panel with a red box highlighting the 'SAVE TO PRODUCT' button. A circled number '6' is placed next to this button, indicating the step number. Below the button, the word 'testing' is displayed, followed by a blue 'APPLY TEMPLATE' button.
